MISSION

The Division of Fire Safety provides proactive statutory enforcement, regulatory oversight and education to protect all lives and property from the devastation of fires, explosions and life safety perils.

INSPECTOR CERTIFICATION PROGRAM

Certification Process

The guidelines for the state certification program are designed to ensure accountability, consistency, and credibility of instruction, testing, and certification of fire fighters and professionals in fields related to the fire service in the State of Missouri.

Goals of the Certification Program:

1. To raise the level of fire protection for the State of Missouri.
2. To improve training and education for the fire service of Missouri.
3. Establish minimum basic training standards for fire protection personnel.
4. Issuance of certificates to persons who complete requirements for certification and pass the required state examinations.
5. To maintain records of persons who have attained state certification.

Fire Inspector Certification is provided through the Missouri Department of Public Safety, Division of Fire Safety. The Missouri Division of Fire Safety shall certify Fire Inspectors based on a combination of requirements and qualifications.

The Missouri Division of Fire Safety subscribes to the policy of nondiscrimination in areas of race, color, religion, sex, age, national origin, and the handicapped. Entry level qualifications are reviewed to ensure that each applicant meets the specified requirements.

INSPECTOR CERTIFICATION PROGRAM

Fire Inspector Course

The Missouri Division of Fire Safety's Fire Inspection Course is designed to provide a comprehensive program of instruction for fire inspectors and those desiring a knowledge of fire inspection. The requirements for Fire Inspector I certification are based on the NFPA 1031-2009 Standard, *Standard for Professional Qualifications for Fire Inspector*.

Successful completion of the course and practical skills are a requirement for eligibility to take the Division of Fire Safety Fire Inspector Certification examination. There will be four (10) tests totaling 100 questions given during the course. The student will be required to score 70% cumulatively on these tests for successful completion of the course. In addition, students will be required to successfully complete practical skills exercises during the course. Students not passing the course will be issued an attendance certificate.

The Fire Inspector I program is based on NFPA 1031-2009, *Standard for Professional Qualifications for Fire Inspector*. It is referenced to the International Fire Code and NFPA I, Uniform Fire Code. The delivery format is a 40 hour, five day course with practical skills conducted during the course. For more convenience for the students, chapters coincide with the IFSTA manual, Fire Inspector and Code Enforcement.

Fire Inspector I Course topics include; Inspector Authority and Responsibilities, Construction and Occupancy Classifications, Emergency Planning, Fire Spread and Growth, Fire Hazard Recognition, Fire Detection Systems, Fire Suppression Systems, Hazardous Materials and Special Hazards, Means of Egress and Occupancy Loads and Water Supply and Fire Flow.

The course shall be offered in different areas of the state four times yearly or as resources permit. The course will be open to interested members of the fire service, state agencies, and private industry involved in fire inspection. Those individuals whose primary duty is fire inspection and reside in the area of the course shall be given priority admittance.

Class size will be limited and preregistration is required for admittance to the course.

The applicant must complete a Fire Inspector Course Application and submit all required documentation as outlined in this booklet. Only complete applications will be accepted.

INSPECTOR CERTIFICATION PROGRAM

I. Applicants General Requirements for Fire Inspection Course

Students will be selected by compliance with the following guidelines:

- A. Complete course application (enclosed).
- B. A minimum of three years in some phase of fire service, fire prevention, or inspection.
- C. Prerequisite training courses (documentation of attendance must be attached to application)
 - 1. Completion of classes in the areas of Fire Behavior, Building Construction, and Hazardous Materials-Awareness, **OR** possess Division of Fire Safety Fire Fighter II certification.

- K. Applicant must complete an Authorization of Release for Information Form (enclosed).

INSPECTOR CERTIFICATION PROGRAM

III. Examination Administration & Description

The Division of Fire Safety Fire Inspector Certification examination will be given at least twice annually.

The applicant will have two hours to complete the 100 question certification examination. Each question is referenced to one or more of the following sources: NFPA 1031-2009; Missouri Division of Fire Safety Fire Inspector Curriculum; IFSTA's Fire Inspection and Code Enforcement, 7th edition.

Sample Test Question:

- A local protective signaling system is intended primarily to alert:
- a. the fire department dispatcher
 - b. a private alarm contractor
 - c. occupants of the protected area
 - d. hotel desk clerk

Each student shall also complete the Inspector Practical Skills Booklet containing all skill objectives as noted in the NFPA 1031-2009 Standard during the delivery of the Division's Fire Inspector Course and present the booklet to an approved evaluator for review. All skills must be successfully completed prior to certification being issued.

Following completion of the written examination, applicants shall be notified by the Division of Fire Safety by letter as to whether they passed or failed. No record will be made or kept of an applicant's percentage score from the examination. Tests and scores shall be destroyed following scoring.

The student must score 70% or better on the exam in order to pass. In the event that an applicant fails the examination, that applicant has one year from the date of the course to retake the certification examination. Should the applicant fail the examination a second time he or she must attend and successfully complete the Division of Fire Safety's Fire Inspector Course and skills before taking the examination again.

INSPECTOR CERTIFICATION PROGRAM

IV. Recertification

Fire Inspector Certification shall expire three years from the date of certification or from date of recertification.

Notification of approaching expiration will be sent to the individual's home address prior to the recertification date. The individual is responsible for supplying the Division with a current home address.

The inspector will be required to complete the following criteria in order to renew certification:

- A. Complete and submit the Recertification Application
- B. Provide documentation of 30 hours of training as a student or instructor, or any combination, in fire inspection related courses or seminars.

Note: All courses or seminars are subject to approval by the Division of Fire Safety.

- C. Submit a letter from the applicants' supervisor listing applicant's job description and attesting to the fact that the duty of the applicant is fire inspection.

In the event an individual does not submit the required documentation for recertification as a Fire Inspector, his or her certification status will be revoked. In order to regain certification, that individual must retake the Division of Fire Safety Inspection course and successfully pass the Fire Inspector certification examination.

V. Saving Clause

The qualifications developed in this program shall not be used to render invalid any rank, qualification or appointment acquired previous to the adoption of this certification program.

INSPECTOR CERTIFICATION PROGRAM

VI. Applying for Fire Inspector Equivalency/Reciprocity

For both Equivalency and Reciprocity, the candidate must mail in all documentation. Application must be original; all other documentation may be copies. The Division of Fire Safety will not accept any faxed or emailed applications.

Equivalency

Individuals not holding certification accredited by the International Fire Service Accreditation Congress (IFSAC) or the National Board on Fire Service Professional Qualifications (ProBoard) must comply with the following guidelines:

- A. Candidate must complete the appropriate application and attach supporting documentation.
- B. The candidate must be a member of a Missouri Fire Department and must have the signature of the Fire Chief in order to request reciprocity.
- C. Candidate must submit documentation of training and testing that complies with each component of the appropriate NFPA Standard for desired level of certification. Documentation must be dated within the last 5 years.
- D. Candidate must successfully pass the Division of Fire Safety's written exam with a minimum score of 70% for desired level of certification and practical skills exam, where applicable.
- E. Applicant must meet the general requirements for certification as outlined in the appropriate certification booklet.

Reciprocity

Individuals holding certification accredited by the International Fire Service Accreditation Congress (IFSAC) or the National Board on Fire Service Professional Qualifications (ProBoard) must comply with the following guidelines:

- A. Candidate must complete the appropriate application and attach supporting documentation.
- B. Certificates must clearly indicate IFSAC or ProBoard Accreditation for the level of certification.
- C. Provide the Division with written verification from the non-Missouri certifying authority that the applicant's certification is current, valid and in good standing.
- D. The candidate must be a member of a Missouri Fire Department and must have signature of the Fire Chief in order to request reciprocity
- E. Applicant must meet the general requirements for certification as outlined in the appropriate certification booklet.

The Missouri Division of Fire Safety Training Division will review and verify all documentation. Once documentation has been reviewed and verified to meet the certification criteria, the candidate will be issued reciprocity. If documentation does not meet the certification requirements, the candidate will be denied reciprocity. The candidate would then be required to complete an approved training program and meet all certification requirements including but not limited to, passing written and practical skills certification exams.

INSPECTOR CERTIFICATION PROGRAM

VII. Suspension, Revocation or Denial

The Director of the Division of Fire Safety may suspend, revoke or deny certification to any fire inspector when it is found that the individual:

- A. Has knowingly made a material misrepresentation of any information required for certification.
- B. Has knowingly by any means of false pretense, deception, fraud, misrepresentation or cheating, obtained training or certification.
- C. Has been convicted of or pleaded guilty to a felony.
- D. Fails to achieve a score of 70% on the certification examination.

All certifications currently held by the individual will be reviewed.

INSPECTOR CERTIFICATION PROGRAM

VIII. Appeal Process

Upon the revocation or denial of a certification level, the decision may be appealed in writing to a Board of Appeals within 45 days of the date of the revocation or denial letter.

The Appeal Board will be made up of the following:

1. Two representatives of the Missouri Division of Fire Safety, Missouri Fire Safety Education/Advisory Commission appointed by the State Fire Marshal.
2. A representative of the Missouri Department of Public Safety appointed by the Department Director.

The Appeal Board may elect to:

- A. Deny the appeal without action
- B. Make a recommendation to the Director of the Division of Fire Safety from the written appeal.
- C. Hold an informal appeal hearing with the individual revoked or denied certification

The appeal board shall notify the Director of the Division of Fire Safety and the individual submitting the appeal within 90 days of receipt of the appeal.

Failure of any state certification exam **SHALL NOT** be grounds for appeal.
